INDEX TO BEATEN HORSES.

In the following Index the names of horses who trotted or paced during the year 1889, and were beaten in any of their races, appear in alphabetical order. The figures in parentheses following the descriptions of the horses denote their best records to the close of 1889. Pedigrees are given when known, and not to be found in the body of the book, in connection with the name of the horse as a winner. The ensuing figures denote the pages of the book in which the trotter or pacer performs as a beaten horse, and the smaller "superior" figures indicate the particular section of a page in which to look for the name, these corresponding to the side notes on the page containing summaries. When a page reference is enclosed in parentheses, the best record of the horse will be found in the page and section to which reference is thus made. In the frequent cases where a faster record is ascribed to a horse than appears in this volume, the information as to when, where, and under what circumstances it was made, can be found in earlier volumes of Chester's Complete Trotting and Pacing Record.

Aaron Covey, b s, by Walkill, 51[7], 73[3].
A. B., rn h, by Strader's Hambletonian, 22[2].

Zimari, ch g, by Rooker, 38[4], 102[8].
Zip, b m (2:37), 44[6].
Zoda C., b m (2:36½), by Pocahontas Boy, 35[2], 63[8], 68[9], 72[1], (86[6]).
Zoe K., b m (2:30), 90[8], 106[7].
Zoe S., ch f, 97[4].
Zurlim, ch g, by Hambletonian, 77[5].

INDEX OF SIRES.

The numerals following the names and breeding of sires indicate the pages of the work on which they appear as siring performers. In cases where a stallion's name is to be found more than once upon a page, the number of times that it appears is indicated by a small "superior" figure.

Aaron Pennington, by Tipperary, dam Lucy, by Imp. Albion, 56, 117, 174, 175.
Abbotsford, by Woodford Mambrino, dam Columbia, by Young Columbus, 146, 147, 167.

STALLIONS FOR 1891

AT

MR. BONNER'S FARM.

Ansel, Record 2:20,

By Electioneer, Sire of Sunol, 2:10½, and 60 others in the 2:30 List.

Eldridge, Trial 2:20¼,

By Edward Everett, out of the dam of Majolica, Record 2:15.

ANSEL

is a bay horse, 16 hands high, and weighs 1,140 lbs. He is by Electioneer, first dam by Lexington, second dam by Grey Eagle; third dam by Medoc. Ansel's dam is full sister to the grandam of Sunol, record 2:10½, thus giving him another cross of Sunol's blood, besides what he gets from Electioneer. Governor Stanford, who bred him, says: "I am quite certain Ansel will make a great stock horse, and am not sure but that I made a mistake in parting with him before I had a greater number of his get." In another letter he says: "No horse has a more impressive trotting action. It is very much like that of his sire. With this action, his head, and his breeding, there can be no such thing as failure when he is bred to first-class mares." Charles Marvin, the superintendent of Palo Alto, says: "Ansel has finer trotting action than any stallion ever raised at Palo Alto, whether trotting-bred or running-bred, and his record of 2:20 is no measure of his speed."

Ansel's fee is $200, due at time of service.

ELDRIDGE,

b h, 15¾ hands high, foaled 1877, by Edward Everett (sire of Judge Fullerton, record 2:18), dam Jessie Kirk, dam of Majolica, record 2:15. She is also the dam of Mambrino Startle, sire of Mambrino Maid, record 2:17¾, and of Miss Majolica, 2:24½. Jessie Kirk is by Clark Chief, son of Mambrino Chief. Edward Everett, the sire of Eldridge, is the sire of thirteen trotters in the 2:30 list, besides Joe Elliott, who was the first horse to trot in 2:15. Eldridge is a grandly-formed horse, a rich bay, with black points, and has trotted a trial on my track at Tarrytown in 2:20¼. His dam being the dam of Majolica, he should make a great sire.

Eldridge's fee is $100, due at time of service.

Mares not proving in foal can have the usual return privilege, if the horses are alive.

Having only 113 acres, there is no room on my farm for mares sent to be bred to either of these horses, but they can be kept on Mr. George W. Campbell's farm, just on the opposite side of the road from my place, on reasonable terms. Mr. Campbell makes a specialty of taking care of trotting stock. Address

ROBERT BONNER, Tarrytown, N. Y.

☞ Mares can be sent to Tarrytown by boat from New York, or by rail to White Plains. Both places are within three miles from the farm.

1891.

Woodburn Stallions.

TROTTERS.

LORD RUSSELL,

Brother to Maud S., 2:08¾, and Russia, 2:28; sire of four in 2:30 list, including Kremlin, three-year-old record 2:22¼ in a race.

$300 the Season.*

KING WILKES,

Record 2:22½ (sire of Oliver K., record 2:16¼, and Minnie Wilkes, record 2:26½), by Geo. Wilkes, 2:22, dam Missie (dam of Cascarilla, record 2:25¼), by Brignoli, 2:29¼.

$200 the Season.*

HAROLD,

Sire of Maud S., 2:08¾; Noontide, 2:20¼; 32 in 2:30, etc.

$300 to insure Mare in Foal.

YATAGHAN,

By Lord Russell, dam Yolande (dam of Yuba, 2:24½, and Yazoo, 2:27½), by Belmon

$100 the Season.*

EXPEDITION,

By Electioneer, dam Lady Russell, sister to Maud S., 2:08¾. Private Stallion

VELOCIDAD,

By Electioneer, dam Nutula (sister to Nutwood). Private Stallion.

Miss Russell, dam of Lord Russell, has four in the 2:30 list, four sires of sixty-six in the 2:30 list, two producing daughters, ten grandsons sires of fifteen in the 2:30 list, six producing granddaughters, or all told ninety-three descendants in the 2:30 list.

WM. RUSSELL ALLEN PROPRIETOR.

Fastest Hambletonian-Clay Stallion.

2:18¼ - SIR WALTER, JR., - 2:18¼

5-YEAR-OLD RECORD.

SIR WALTER, JR., Dark Chestnut Stallion; stands 15.3; and is a beautiful horse in shape and contour.

By an inbred HAMBLETONIAN sire, out of a CLAY DAM, with a strong thoroughbred backing.

Sired by SIR WALTER, 2:24¼, by ABERDEEN, son of HAMBLETONIAN, 10, and AMERICAN STAR'S fastest trotter, WIDOW MACHREE, 2:29 in 1861. The dam of Sir Walter was by EDWARD EVERETT, a sire of 2:20 speed, and a transmitter of 2:20 speed through both sons and daughters.

The dam of Sir Walter, Jr., is by AMERICAN CLAY, sire of dams of 25 in the 2:30 list; 2d dam by thoroughbred Alex. Churchill, four-mile heat in 7:41, at Louisville, Ky., fastest four-mile heat that had ever been made there; 3d dam by thoroughbred Wagner, a celebrated winner of three and four mile heat races.

The success of Hambletonian-Clay stallions as sires of extreme speed has been phenomenal. The ancestors of Sir Walter, Jr., **on both sides,** have transmitted **2:20 speed** through both the male and female lines. That Sir Walter, Jr., **possesses that extreme speed inheritance, and will transmit it, he has emphatically demonstrated** by obtaining a FIVE-YEAR-OLD RACE RECORD OF **2:18¼** WITH LESS HANDLING THAN ANY OTHER 2:20 TROTTER.

Aberdeen is the sire of six in the 2:20 list, including Alabaster, four-year-old race record 2:15.

Sir Walter is the sire of four four-year-olds in the 2:30 list, and a five-year-old in the 2:20 list.

SIR WALTER, JR.'S, sire and grandsire were not only EARLY-AGE TROTTERS, but EARLY-AGE SIRES OF EXTREME SPEED. His sire, Sir Walter, at eight years of age, got Sir Walter, Jr., 2:18¼; his grandsire, Aberdeen, at five years of age, got Hattie Woodard, 2:15½.

Season of 1891 at Williams Farm, Centre Street, Jamaica Plain, at $100, with usual privilege of return.

Record 2:31½, sire of Bell Boy, 2:24¾; Dinnie, 2:25; Oriana, 2:25; Minot, 2:26¼.

$50 the Season, with return privilege.

PATCHEN WILKES, 3550.

Sire of Monita (three years), 2:26¼; Blacksie (four years), 2:30; Westbrook (three years), 2.33; will be trained this season. Will not do any service for the public until through with his training season.

For further particulars apply for Catalogue.

HENRY C. JEWETT & CO., Jewettville, Erie Co., N. Y.

THE IMPROVED TOOMEY

Truss Bar and Truss Axle Sulky.

MADE IN NINE SIZES AND ON SEVEN PATENTS.

The TRUSS BAR AND TRUSS AXLE SULKY combines all the essential qualities for the highest rate of speed, and is adaptable to all sized horses. The *Truss* is positively the only true principle upon which a perfect and rigid axle can be made. By the use of the Truss principles we are enabled to build sulkies *Lighter* and *positively Stronger*, and with more ROOM, than upon any other form of construction. More horses have obtained low records from 2:08 to 2:30 the past six years in the TRUSS BAR AND TRUSS AXLE SULKY, than in nearly all others combined.

Positively no faster or better sulky made. Being practical horsemen as well as mechanics, and manufacturing sulkies exclusively, enables us to nearer fill the requirements of horsemen than any other builders. Address for Circulars and other information,

JAMES E. WALKER.

BUREAU OF INFORMATION.

I have long appreciated the fact that breeders desire earlier information about the performances of the get of stallions in which they are interested than can be obtained from annual publications. The Index of Sires to CHESTER'S COMPLETE TROTTING AND PACING RECORD reaches them too late for the **purposes of their catalogues.** In order to supply this deficiency I have decided to establish a Bureau of Information for breeders of trotters and pacers. My office will be in **daily receipt of official reports** of races from both of the Trotting Associations, and the performances at outside tracks will also be collected. The new records made, or old ones reduced, by the get of every sire, will be posted daily, and **weekly bulletins will be issued** to subscribers to the Bureau giving the **latest and most accurate information** concerning the horses in which they are specially interested. By this means a breeder cannot only be prepared with **all facts to date** that pertain to his catalogue, but will also have the very latest information about the performances of the lines of stock he favors, which is frequently very valuable in making points that will affect sales, services, etc. The charge will be $5 per horse, payable half in advance and the remainder at the end of the season. This is **a new idea,** but I believe the plan will become popular.

In general, my services can be had for the execution of commissions in my line, tabulation of pedigrees, preparation of catalogues, conduct of cases before the courts of the Trotting Associations, investigations of doubtful or obscure matters, etc., on reasonable terms.

WALTER T. CHESTER,

By WALTER T. CHESTER,
In the Office of the Librarian of Congress at Washington.

EDWARD O. JENKINS' SON, PRINTER AND ELECTROTYPER,
20 NORTH WILLIAM STREET, NEW YORK.

ANNOUNCEMENT.

THE scope and plan of these works is now so generally understood that it is not necessary to spend many words upon a preface. Since their inception, the Supplements have been published upon the same lines, and their arrangement has proved satisfactory to those interested in such matters. It has been urged upon me that I should devote some special attention to the 2:30 list, as performances at that rate of speed are the basis for registration. My reason for not doing so is that, in the nature of things, books built upon a 2:30 foundation must be ephemeral. The instant that 2:30 ceases to be the basis of registration, they become practically worthless. They are, also, repetitious. Each annual volume of such a work contains all that were in preceding works, with additions. The latest is the only one that has any value, its forerunners being superseded. In my works, on the contrary, there are no repetitions. They contain all the summaries, in convenient form, and are the only compendium of the great national sport in existence. Nothing can ever take their place, and the demand for "back numbers" must be perpetual. Complete sets, in two bound volumes, with the 1890 Supplement separate, will be furnished for $20. The price of single Supplements is $2 each, except the present one, which is issued at $3.

WALTER T. CHESTER,
P. O. BOX 1021, NEW YORK CITY.

CHESTER'S COMPLETE TROTTING AND PACING RECORD.

SUPPLEMENT FOR 1890.

EXPLANATION.

THE names of horses in black type, arranged in alphabetical order, are those of the winners of the races, and under each horse's name the races won by him appear in chronological order. All races are trotting, mile heats, best three in five, in harness, unless the contrary is shown by the time, stated at the conclusion of the summary, or a different way of going indicated by proper signs. After the name of the winner appears his description, as "b s," for bay stallion, "br g," for brown gelding, "gr m," for gray mare, etc. The following figures, in heavy type and in parentheses, show the best record of the horse to the close of the year 1890. Then follow the pedigree of the winner, when known; the name of the nominator, place and date of race, amount of money trotted for, and the name of the horses beaten, in the order of their standing at the close of the race, and last comes the time of the heats. The ordinary signs are used to denote the incidents and casualties of the race. Thus, the character "0" in connection with a number in a bracket indicates that the horse whose name that sign follows made a dead heat in accordance with the number, viz.: (3 0) signifies third heat dead. The abbreviation "dr" signifies drawn; "dis," distance; "r o," ruled out; "W O.," walk over, etc. Figures following the name of a beaten horse show that he won the heat or heats corresponding with the number. When the letter "w" follows the name of a horse, it signifies that he went to wagon; "c" that he went to cart; and the letter "s" that he went under saddle. In cases where a horse has a record to harness, or wagon, and a faster one under saddle, both are given. When an asterisk (*) is attached to the figures usually denoting a record, it signifies that the time, being over a short track, is a bar and not a record. The summaries preceded by dashes (——) are subsequent victories of the horse whose description and record have been given, and in these, if the name of nominator, or of place of trotting, or of both of these, are not given, it signifies that they are identical with those of the race immediately preceding. It sometimes happens that a horse winning as a stallion wins later as a gelding, in which case the castration is shown by the change in the description; but there being no renewal of the name, it will be understood that it is the same horse under changed conditions. In order to keep them of record, losing performances against time are given under the name of the losing horse, as a part of his history, and the fact that he lost is mentioned in the summary. The numerals at the right of the printed pages divide them into blocks of ten lines each, for convenience of reference in the Index to Beaten Horses, and the reader is referred to the explanation preceding that Index.

CHESTER'S COMPLETE TROTTING AND PACING RECORD.

SUPPLEMENT FOR 1890.

A

Abbie, b m (**2:31¾**), by Hambletonian Prince. M. Demarest, Danbury, Conn., June 18, $200. Jack Hightower 4, Harry R. 1, Hope So (5 dis), 2:36, 2:37½, 2:39, 2:40, 2:42.

INDEX TO BEATEN HORSES.

In the following Index the names of horses who trotted or paced during the year 1890, and were beaten in any of their races, appear in alphabetical order. The figures in parentheses following the descriptions of the horses denote their best records to the close of 1890. Pedigrees are given when known, and not to be found in the body of the book, in connection with the name of the horse as a winner. The ensuing figures denote the pages of the book in which the trotter or pacer performs as a beaten horse, and the smaller "superior" figures indicate the particular section of a page in which to look for the name, these corresponding to the side notes on the page containing summaries. When a page reference is enclosed in parentheses, the best record of the horse will be found in the page and section to which reference is thus made. In the frequent cases where a faster record is ascribed to a horse than appears in this volume, the information as to when, where, and under what circumstances it was made, can be found in earlier volumes of Chester's Complete Trotting and Pacing Record.

Aaron, ch c, by Apex, 19[1].

INDEX OF SIRES.

The numerals following the names and breeding of sires indicate the pages of the work on which they appear as siring performers. In cases where a stallion's name is to be found more than once upon a page, the number of times that it appears is indicated by a small "superior" figure.

Aaron Pennington, by Tipperary, dam Lucy, by Imp. Albion, 17, 193².
